

# Which genres correspond to high sales?

Rock is generally preferred over other genres. After Alternative & Punk, all other genres are almost equal in terms of sales.

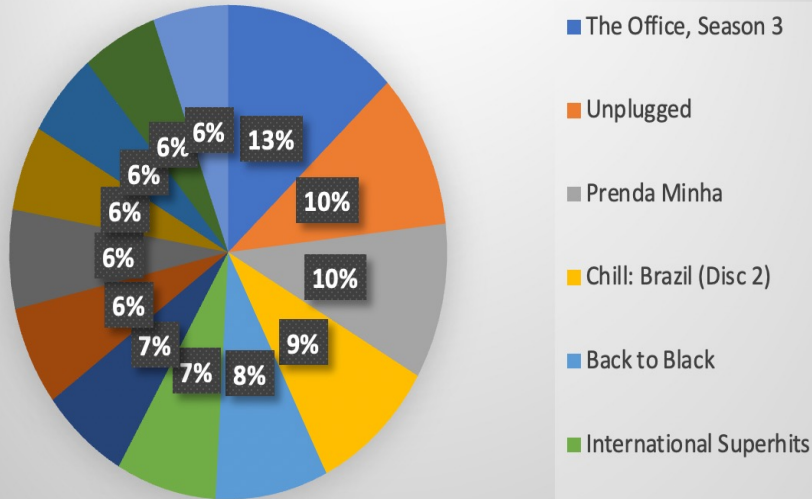

# How does the sales change over months for the top paying country?

The top paying country is the US. It's notable that the country hits the peak in the last quarter of each year. However, the first quarter displays the minimum amount of purchases.

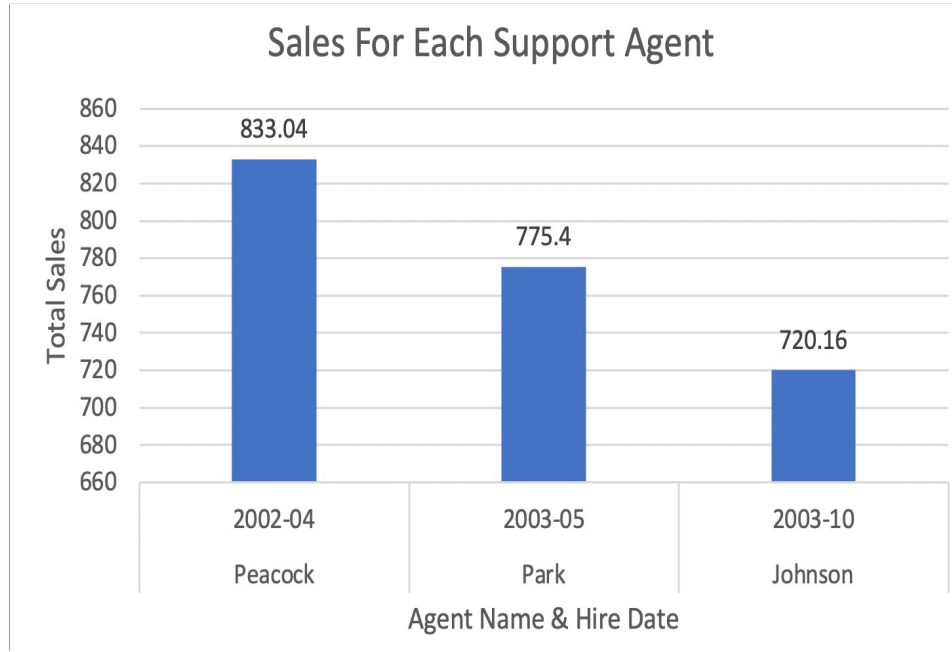

# What are the albums that are popular in the top paying country?

## Album Distribution For The US

For the US, "The Office, Season 3" is the most selling Album. The least 6 selling Albums share the same percentage, which is 6%.

Provide the total amount of sales for each of the company's sales support agents.

Seems like the agent that was hired earlier participates in high selling orders.
